2. Remove Plug EU from Plug UK

Slide buttons down on either side of unit to release

3. Fit Plug EU to Plug USA
4. Ready to use

FOR USA

1. Release Plug UK from Plug USA

Slide buttons down on either side of unit to release

2. Ready to use

FOR UNITED KINGDOM

1. Ready to use from pack.

Charging with the Dual USB Outlet

On/Off Switch for USB ports

To charge your mobile electronics with the Universal Travel Adapter USB Power Port*:

- Step 1:** Connect the USB charging cable to the Universal Travel Adapter USB Power Port as shown above.*
- Step 2:** Connect the USB charging cable to the mobile electronic device. ^
- Step 3:** Connect the Universal Travel Adapter to the wall outlet.
- Step 4:** Switch USB port switch into ON position.
- Step 5:** USB status LED light turns on indicating charging in progress.
- Step 6:** Ensure your mobile device is in charging mode.

The USB Charger is suitable for use with a mains supply voltage from 110VAC to 240VAC.

* USB charging cable is not included, make sure a compatible USB charging cable is being used for your device. ^ Charge up to 2 devices simultaneously, do not exceed 1A load total.

Power up your gear through the AC power port and USB power ports simultaneously

The Universal Travel Adapter with Dual USB power outlets allows you to power up and charge multiple devices at the same time.

The USB status lights indicates when the USB Charger is active.

Please connect your devices as shown.

Note: The AC power outlet does not convert voltage, please ensure your device is appropriately rated for the mains supply voltage. If they differ an appropriate transformer must be used.

CHARGES MOST:

iPhones®, iPads®, iPods®, iTouch® Tablets, Smart Phones, MP3 Players, Bluetooth® devices, Portable GPS, eBook Readers, Digital Cameras, other USB chargeable devices

- Rating: 100-240VAC, 50/60Hz
- Current: 10A max. 2400W
- Indoor use only
- Total load connected to both USB outlets must not exceed 1A.
- Approval Number: NSW22269
- Australian Registered Design No. 325015
- The mains adaptor portion of this product is only suitable for devices that do not require an Earth.

iPhone, iPod and iPad are registered trademarks of Apple Inc. Bluetooth is a registered trademark of Bluetooth SIG.
